PHILIP SPEED, at the request of many citizens, has become a candidate for Alderman in the Seventh Ward, at the special election on Saturday, May 18, 1861.

Notice to Daily Subscribers in the Country.

It is useless, perhaps, to repeat it; but, henceforth, no paper in arrears will be for ward. It will be stopped to the day. It is impossible for us to continue to those careles of their accounts.

Those who fail to receive their paper hereafter, upon taking the trouble to ascertain, will find that their subscriptions are in arrears.

EQUIPPED.—Col. Boston's Regiment—the 5th—was marched from Camp Morton to the armory of the Quartermaster General's department yesterday, says the Indianapolis Journal of Thursday, and furnished with belts, cartridge boxes, bayonets, sabordans, &c. The Regiment, with the exception of uniforms, is fully equipped for service.

There will be a meeting of the Citizens' and Working-men's Association of the Seventh and Eighth wards, on Saturday night, at 7 o'clock, at their hall, corner of Eleventh and Market streets, for the purpose of taking into consideration the late vote of Joe Gault against a reception to Colonel Anderson.

ANDERSON GUARDS.—Company D of Home Guard, last evening, adopted the name of "Anderson Guards," in honor of Major Anderson, the hero of Fort Sumpter.

FOR CITY COUNCIL.—Alvin Wood is the regularly nominated Union candidate for Councilman in the Fourth ward, to fill the vacancy occasioned by the resignation of Dr. Marshall. The election takes place on Saturday, May 18th.

THANKS.—Adams Express Company, through their reliable and efficient messengers, have again laid us under obligations, for Memphis papers of Thursday, and other late Southern papers.

We cut the following from the Indianapolis Sentinel, of yesterday:

LOUISVILLE, May 16.—Street rumors say that there is to be a difficulty here between the opposing parties on the advent of Colonel Anderson.

We apprehend no difficulty—on the contrary, great rejoicing on his arrival. Colonel Anderson is a native of Jefferson county, and there are thousands in Louisville and Jefferson county, and throughout Kentucky, who will delight to do him honor. It was positively known when he would reach the city, hundreds from the country would be present to greet him on his arrival.

The Campbell House, at Lebanon, Kentucky, near the depot, is kept by J. G. Campbell, a most excellent gentleman and polite and attentive host. The house is thoroughly replenished and furnished in good style. It furnishes, under the auspices of its present management, a pleasant retreat to those who would escape the noise and confusion of city life. To the traveler it affords excellent advantages. It is near the railroad, and the post-office is kept in the hotel building. Read advertisement.

BENEFIT OF THE NATIONAL GRAYS.—The Louisville Theater will give benefit to Capt. Lawler's fine company, which belongs to the State Guard, on Tuesday next. The proceeds are to be applied to uniforming and equipping the members. The bill will present novel and attractive features and the company will go through a drill. It is expected that the public will respond liberally.

The number of marriage licenses issued by the County Court Clerk for the week ending Friday, May 17th, was fifteen, as follows:

Hay Douglass and Mary Long; Jacob Douglass and Margaret McCord; Jacob Douglass and Anna Ruskas; Jacob Douglass and Mary Rose; John M. Miller and Anna Ruskas; John M. Miller and Charlotte Westheimer; W. F. Miller and Anna Ruskas; Michael Ford and Gardner Bush; John M. Miller and Charlotte Miller; John M. Miller and Charlotte Miller.

FLAG RAISING.—The Boone Home Guard will raise a pole and hoist the stars and stripes thereon at the corner of Main and Fifteenth streets, near Avery's pool factory, this afternoon at 3 o'clock. Union loving citizens are cordially invited to attend. As Col. Robert Anderson, the hero of Fort Sumpter, is expected to be in town at that time, it is hoped he will be present.

The large sale of jewelry, watches, etc., will be continued this morning, at L. Kahn & Co.'s, Main street, where all in want, or desirous of buying, will have a chance, as the lot will positively be sold out without reserve.

J. L. Deppen, at the Mammoth Clothing Store, corner of Market and Fourth streets, still has a large stock of gray cloth and flannels for uniforms. Companies will do well to leave their orders immediately, if they would be supplied.

The Newcomb Guards request a full attendance at their business meeting to-night. Matters of importance will be brought before the company.

A. D. Mandell will sell at auction this morning a choice stock of ladies' and gentlemen's furnishings goods and fancy articles at nine o'clock.

For Rent.—A splendid residence, newly papered, gas and all modern improvements. Pump and cistern water in yard, ankles, &c. 407 Third street.

Our exchanges from all parts of Tennessee all go to show that the prospects for what never were better in that State.

Thanks to Mr. Nusenmacher, of the Adams Express, for St. Louis papers in advance of the mail.

The city of Chicago alone furnishes 3,420 men for the war.

FRANKFORT CORRESPONDENCE.

FRANKFORT, May 17, 1861.

Mrs. Barnes, Hours 4 & 5, Frankfort.—The Honorable members of the Lower House were occupied this morning, with small bills. Notwithstanding the civil war, men must live upon details. A bill allowing the Frankforters to fish in the Kentucky river was passed. Goodloe made a Scriptural speech upon it, which had an unhappy effect on a member, who made merry over the affair, notwithstanding the Scripture, and moved to lay the bill on the table. It had well gone through, but the yes and nays were demanded. One member voted yes, and afterward, no. Another asked permission for him to vote on both sides, and withdrew the request, as the said member had already exercised the right. The fishing subject was at last referred to a committee, at the suggestion of the House, consisting of the Scriptural member, Fisher and Forn. It was further suggested that the line (Lyne) and two weeks be added.

After this diversion came the grave question, with eight feet nine inches water in the canal, six feet nine in the pass, and five feet eight on the falls.

The river at Pittsburg yesterday was rising, with six feet nine inches water in the channel.

At Cincinnati the river had fallen two feet in the twenty-four hours, ending noon yesterday.

The John Evans arrived from New Orleans yesterday, and will lay up.

The postmaster at St. Louis has been instructed to withdraw the mail service between that city and Memphis. The Memphis packets are to be placed in the St. Louis and Cairo trade, for the purpose of carrying the mail, passengers, provisions, &c., making two trips per week.

The steamer John Evans comes here from New Orleans last night. She will be found at the landing this morning.

The Telegraph, Captain Hildreth, is the mailboat for Cincinnati and the East to-day at noon.

The steamer Arcadia, says the New Orleans True Delta, which arrived Sunday evening from Bayou Sara, brought down from the Mississippi 1,000 barrels of cotton (12 bales), 3,916 10-in. cotton seed shells, 366 boxes shot, 68 boxes tent poles and eight boxes tents.

The steamer Mary Kenner, on her way from New Orleans to Memphis, when at College Point, broke a main, and returned to New Orleans for repairs.

ALL SORTS OF PARAPHRASES.

The weather continues delightful—just as we need it after the heavy showers of the past week.

Our Minister to Japan, Mr. Harris, not only sat at his post after the other foreign ministers had fled, but threatened the government, if the head of any of the foreign missions should be sent to him.

Taylor was injured, he would bring down vengeance on the Japanese. His bravery and coolness produced the desired effect.

The wheat, oats, barley, rye and hay crops were never more promising in this locality.

The announcement that the Prince of Wales would accept the dedication of the Oxford College Poems has proved a sufficient inducement to incite all the postmasters of Oxford to contribute to the forthcoming volume.

A new projectile has been invented in France, weighing ninety pounds, which, falling in a column of troops, is expected to kill a hundred men.
